OPEN HOUSE SOCIAL.

First in New Quarters Was an Evening of Whist—Prize Winners.

The first social evening of Open House in their new quarters on Main street was given on Thursday by an evening of whist which was delightfully carried out by the committee in charge. Twenty tables were arranged in the pretty double parlors and play was continued from 8:30 until 10:30. When play was over and the scores counted up it was found that the prizes went to Miss E. Camilla Eldred, who received a rose hatpin, and Joseph Leven, who received a stickpin.

Two especially acceptable entertainments were given by Raymond B. Eldred and Joseph C. Davis to well deserved applause. Mr. Eldred was heard in the "violin solo Legend (Wieniauski), giving an encore Dvorak's Humoresque, displaying in both a tone of noticeable fitness and feeling. Miss E. Camilla Eldred was his accompanist. Mr. Davis convulsed his audience with a clever bit of pantomime portraying with great faithfulness the preparation made by a young man and his best girl for attending the theater.

The patronesses for the evening were Mrs. William C. Lannan, Miss Grace S. Benjamin, Miss Mary Richards, Miss Mary Kane, Miss Ruth Thayer, Miss Lillian Haven, Miss Susan I. Gallup and Miss Mary DeCelles. The club committee in charge included Charles G. Cobb, chairman, James J. Holland, Dr. C. B. Capron, Clarence Messenger and Henry Woodman. He was formerly employed at the Hopkins & Allen Arms company pistol shop and will have the good wishes of all his associates in his new line of work.

FRANKLIN SQUARE SALOONS TO GO

Decision Reached by the County Commissioners and Proprietors of Six Have Been so Notified—Can Remain Until November First, 1910.

Having reached a decision regarding the petition for the refusing of liquor licenses to saloons on Franklin square, the county commissioners mailed their decision to six saloonkeepers on Thursday afternoon, the following letter containing the decision being sent to Charles A. Council, H. & R. Blunderman, Joseph Bedard, H. A. Clacher, Joseph Perinjar and James O'Connell:

Norwich, Conn., Nov. 11, 1909. Dear Sir: The county commissioners have received a strong petition requesting them to refuse to grant any renewal of a license to sell spirituous and intoxicating liquors in the neighborhood of Franklin square, which petition is signed by a large number of those representing some of the largest business interests in the town.

This is a matter in regard to which the commissioners have given much thought; they have closely observed the way that the liquor business is conducted in the locality in question, and have carefully noted the conditions prevailing there at different times and on various occasions. They are aware that liquor has been sold there for a great number of years, and that on the part of our citizens, but changed conditions have now brought about a changed sentiment.

By reason of the present road development four-fifths of the people who now come to Norwich are landed practically in front of your doors; the building of the new postoffice takes hundreds of residents across the square daily, and the construction of an elegant banking house for one of the largest institutions in the state will result in thousands of its depositors, many of whom are women, using

NATURALIZATION FEES TO BE PAID THE STATE.

Opinion of Attorney General Holcomb on That and Salaries of Clerks.

Attorney General M. H. Holcomb gave an opinion Thursday to Comptroller Bradstreet in regard to the apportionment of the salaries of the clerks and assistants of the superior court in New London and New Haven counties. The attorney general, after giving the statutes on the subject, said: "The obvious and I think the only inference is—and I so advise you—that the salary of the clerk in each of said counties is to be what remains of the appropriation for such county after the salaries named for the assistant clerks are deducted, that is, in New Haven county Mr. Gallagher, clerk, will receive \$4,500 and in New London county Mr. Parsons, clerk, will receive \$3,500."

The attorney general also gave an opinion to the comptroller on the question whether the clerks of the superior court were entitled to the fees for the naturalization of aliens. The attorney general says they are not. He says: "The opinion given December 5, 1908, by my predecessor, Hon. William A. Phelps, in regard to the fees for the naturalization fees being to the state by reason of the statute placing the clerks on a salary basis. Chapter 117 of the public acts of 1906, which provides that the superior court in the several counties of the state, excepting Hartford and New Haven counties, upon application, be authorized to become clerks of the United States, and section 4, which you quote, authorizes the clerks of such courts to retain certain portions of the fees received by them."

It is claimed that this changes the conditions upon which Mr. King's opinion was predicated, it would appear that the conditions were established by the general assembly in chapter 241, which was approved August 24, 1909, and states the salaries which the clerks and assistants in the several counties should receive, and which, as per quotation therefrom in your letter, expressly provides that these salaries "shall be in full for all services required by law of clerks of said courts, and all fees payable by statute to said clerks shall belong to the state, and shall be collected by them for its use."

In accordance with such ruling made by Mr. King, I think that you should require these naturalization fees to be paid to the state unless and until the courts shall decide otherwise.

GOV. WEEKS ACCEPTS THIRD CO. INVITATION.

Will Attend Their Military Ball as the Guest of Honor—Opening Drill of Season.

On Thursday evening the announcement was made that His Excellency, Governor Frank B. Weeks, had accepted the invitation of the Third company, C. A. C., and would be the guest of honor at their annual military ball in January. This was heard with delight by members of the company, who assembled at the armory on Thursday evening for the first drill of the season, it being the opening of the year's work. There was a good attendance, and the company was drilled in separate squads in charge of sergeants and without arms.

The company meeting followed the drill and several committees were announced. Dr. Lewis, Corporal Dion and Bossey and Cook Peckham were named, and the first was announced for the week following Thanksgiving. The indoor range will be opened this week and used three nights a week by the Third company. Non-commissioned officers will be in charge each week. The annual military ball committee—Captain Hagberg, Lieutenants Coleman and Church—reported that the invitation to Governor Weeks had been accepted, and he will be here for the annual affair on January 27. The Waltham band, which played here at Winslow T. Williams' home while President Taft breakfasted there, has been engaged, because of the excellent impression it made here.

New targets have been secured for the target range, the bullseye being 11-4 inches in diameter, which is quite a reduction from the outdoor target, which was previously used, and will stimulate competition.

In regard to basketball, the opinion was that a military league would be preferable, and an effort to organize one, which will include the local companies, and those in Danvers, New London and possibly Westerly, will be made. This effort lies with the men of the company.
